

Latin American and Caribbean Eligibility / Payment Form

Description: This form serves to determine a student's eligibility for classification as a resident for tuition purposes through the Latin American and Caribbean provision of Florida Statute 1009.21. This form also serves as authorization for payment of the Latin American and Caribbean Scholarship to qualified students. **See the Latin American and Caribbean Scholarship Instructions for more information.**

Section 1: Departmental Authorization

The below students are recipients of a U.S. federal award or have been awarded a non-duty scholarship of at least \$500.00 for the term listed above. These funds are awarded in addition to any tuition waivers or stipends associated with assistantship duties. The student has been informed that he or she must enroll on a **full-time** basis in order to be eligible for classification as a temporary Florida resident for tuition purposes under the Latin American and Caribbean Scholarship Program. Additionally, the student's academic progress will be evaluated on a semester basis to determine his or her continued eligibility for the scholarship.

Latin American and Caribbean Scholarship Instructions

Student Eligibility Validation

Scholarship eligibility is limited to degree seeking students making satisfactory academic progress and who are enrolled on a full-time basis and are a citizen of a Latin American or Caribbean country. Full-time basis is determined by the Registrar's Office, but is generally considered to be 12 hours in fall, spring, or summer semesters for Undergraduates. Full-time status for Graduate is considered to be 9 hours in fall, spring, or summer semesters. Satisfactory academic progress, enrollment, and citizenship will be validated by SBS prior to award processing.

Funding

The Latin American and Caribbean Scholarship must be funded by one of three sources: Educational and General (E&G) funds appropriated to the university in the General Appropriations Act, U.S. federally authorized scholarship funds, or through a combination of E&G or U.S. federal funds and equal matching funds from private businesses, private foundations, or public agencies. While the FSU Foundation does not qualify as a private foundation or public agency for these purposes, gifts received from private foundations, private business, and public agencies through the FSU Foundation are eligible for the equal private match.

Department Funding with or without Matching Funds: Departments providing scholarships must use departmental E&G funds or a combination of department E&G funds and private matching funds, with a \$500 minimum value for each semester that the department awards the scholarship (fall, spring, summer). **Private funds can only be used in conjunction with E&G funds.** The student is accorded in-state status for tuition purposes only in semesters in which the department awards a qualifying scholarship or until the student otherwise becomes eligible for classification as a Florida resident for tuition purposes. The department must complete this form each semester of the award.

Funding through a U.S. Federal Award Program: The student must receive U.S. government scholarship or fellowship funds or a combination of these funds and qualifying matching funds totaling at least \$500 for each semester of enrollment. A student is only eligible for in-state classification in semesters covered by an award. This form must be completed each semester the student is supported by a U.S. government scholarship or fellowship. Federal funds can also be used 50/50 with E&G funds.

College/Department Responsibility

It is the college or department's responsibility to identify students for the award, identify the funding source of the award, and complete the Latin American and Caribbean Scholarship Eligibility / Payment form for each term (fall, spring, summer) that the student is to be accorded in-state status for tuition purposes. Except in the case of students with qualifying U.S. federal awards, the college or department *must* provide the \$500 minimum or the minimum \$500 combination of E&G plus qualifying matching private funds for each term. The department should complete one payment authorization for each funding type (E&G, private, federal), but may add multiple students to each form. Once completed with a dean or designee signature, the form should be sent to Student Business Services LAC Program Coordinator, Casey Boyett, at clboyett@fsu.edu.

Fund Processing

Upon receipt of the signed Latin American and Caribbean Payment Authorization, Student Business Services will validate the award's funding and the student's eligibility and will process the scholarship accordingly:

- 1. If E&G:** Student Business will validate that the fund used for payment is an E&G fund, and will perform a cash transfer from the provided department and fund to cover the student's award. Departments will see this recorded to their department as an expense with an SF% journal id.
- 2. If 50/50 Private and E&G:** If using qualifying matching funds, departments/colleges must work with the FSU Foundation to administer the private donations on behalf of the University. Once the department/college selects LAC Scholarship recipients, the department/college must submit a Scholarship Disbursement request to the FSU Foundation for disbursement of funds to the student. Please note on the form that the award is for an LAC Scholarship to ensure appropriate processing.
- 3. If U.S. Federal Award:** The department/college by completing the LAC Payment Form certifies that the student has been paid and that the award is a non-duty award from the U.S. Government.

Residency Reclassification

Once the payment authorization has been received and funding has been verified, Student Business Services will work with the Residency Classification division of the Office of Admissions to change the student to an in-state resident for the term of funding.

Follow-Up & Communication

Persons listed as departmental representatives on the payment authorization form will be notified that the process is complete.
