Note: The fee schedule above describes only the base rate for courses. Your final tuition bill may vary from the schedule above depending upon the courses in which you are enrolled, as well as your program of study. Some courses and majors are subject to additional fees (e.g. lab fees, program equipment fees, online course fees, etc.). This fee schedule is provided for estimation purposes only.

2021-2022 Tuition and Fees

Matriculation Fee **Classification:** State Fee

Purpose: Basic fee charged for instruction provided by a public postsecondary educational institution in Florida. In some contexts matriculation is synonymous with "tuition." Except as otherwise provided by law, undergraduate tuition shall be established annually in the General Appropriations Act. The sum of tuition and out-of-state fees assessed to nonresident students must be sufficient to offset the full instructional cost of serving such students.

Tuition Differential Fee **Classification:** State Fee

Purpose: Supplemental fee charged for instruction provided by a public university in Florida pursuant to 1s.1009.24(15). The fee is to be used to support undergraduate educational programs and services. Students continuously enrolled since before 07/01/2007 are exempt from this fee. Using a Florida Prepaid Plan purchased before 07/01/2007 qualifies students for a temporary waiver of this fee for terms in which the plan is billed by the school.

Financial Aid Fee **Classification:** State Fee

Purpose: A university board of trustees is authorized to collect, for financial aid purposes, an amount not to exceed five per cent of the tuition and out-of-state fee. The revenues from fees are to remain at each campus and replace existing financial aid fees.

Capital Improvement Fee **Classification:** State Fee

Purpose: Exists to provide educational and support facilities for students, faculty, and staff in a manner that maximizes the effectiveness of the capital investment, maximizes the use of existing facilities, and promotes orderly, planned campus development.

Athletics Fee **Classification:** Local Fee

Purpose: Supplements the university's diverse athletic programs and provides students a means to enjoy university athletic events without direct cost to the student. Supports programming at athletic spaces.

Activities and Services Fee **Classification:** Local Fee

Purpose: Supports student governing boards and programs and student organizations to improve services directly related to student activities.

Health Fee **Classification:** Local Fee

Purpose: Funds programming that promotes healthy lifestyle choices and provides students access to the campus-based Health and Wellness Center with many services offered at little to no direct cost to the student.

Transportation Access Fee **Classification:** University Fee

Purpose: Funds the use of city and campus busses, the campus parking permit, campus pedestrian paths, parking lot lights and maintenance, and the creation of additional parking and transportation services. Students with vehicles may obtain their parking permit at no additional charge on-line at FSU Transportation Services.

Student Facilities Use Fee **Classification:** University Fee

Purpose: Assessed to main campus students to construct and renovate campus facilities for student services. In accordance with SGA's request, initial revenues were used to construct the new Health and Wellness Center.
